CROWDSTRIKE

FALCON ENDPOINT PROTECTION PRO

Provides true next-gen AV with integrated threat intelligence response

UPGRADE TO CUTTING-EDGE DEFENSES

CrowdStrike Falcon® Endpoint Protection Pro offers the ideal AV replacement solution by combining the most effective prevention technologies and full attack visibility with built-in threat intelligence and response. Powered by the cloud and via a single lightweight agent it operates without the need for constant signature updates, on-premises management infrastructure or complex integrations. Falcon Pro makes it fast and easy to replace your AV and get even more: superior prevention, integrated threat intelligence and immediate response.

KEY PRODUCT CAPABILITIES

AI-POWERED NGAV

- Protects against the entire spectrum without requiring daily and cumbersome updates

- Combines the best prevention technologies — machine learning, AI, indicators of attack (IOAs), exploit blocking and more — to stop ransomware, and malware-free and fileless attacks

- Covers the gaps left by legacy AV and fully protects endpoints online and offline

FULL ATTACK VISIBILITY

- Unravels an entire attack in one easy-to-grasp process tree enriched with contextual and threat intelligence data

- Provides unparalleled alert context and visibility

- Keeps detection details for 90 days

KEY BENEFITS

Enables you to migrate with confidence

Replaces AV quickly and easily

Simplifies endpoint protection

Protects against the entire attack spectrum

DEVICE CONTROL

- Provides detailed visibility on USB device usage
- Enables granular policy enforcement to ensure control over USB devices used in the environment

FIREWALL MANAGEMENT

- Makes it easy to create, manage and enforce policies
- Defends against network threats and provides instant visibility to enhance protection and inform action

INTEGRATED THREAT INTELLIGENCE

- Enables you to fully understand the threats in your environment and easily prioritize responses with threat severity assessment
- Eliminates guesswork so you can respond to threats decisively
- Automatically determines the scope and impact of threats found in your environment

CONTROL AND RESPOND

- Provides powerful response action to contain and investigate compromised systems
- Ensures on-the-fly remote endpoint access for immediate action with surgical precision

EASIEST AV REPLACEMENT

Works on Day One: Deploys and is operational in minutes without requiring reboots, fine-tuning, baselining or complex configuration

Zero impact on the endpoint from initial installation to ongoing day-to-day use

Automatically kept up to date with cloud-native architecture

Operates seamlessly alongside AV, as you migrate

ABOUT CROWDSTRIKE

CrowdStrike® Inc. (Nasdaq: CRWD), a global cybersecurity leader, is redefining security for the cloud era with an endpoint protection platform built from the ground up to stop breaches. The CrowdStrike Falcon® platform's single lightweight-agent architecture leverages cloud-scale artificial intelligence (AI) and offers real-time protection and visibility across the enterprise, preventing attacks on endpoints on or off the network.
